## Pennsylvania's Bed & Breakfast Inns Association Launches Mid Atlantic Innkeepers Conference in 2023

Harrisburg, PA – The [Pennsylvania Association of Bed & Breakfast Inns](#) (PABBI), along with support from our partners, Discover Lancaster and the Association of Lodging Professionals, are excited to announce the launching of a multi-state regional **Mid Atlantic Innkeepers Conference**. The conference will be held on **November 12- 15, 2023**, at the [Double Tree Resort by Hilton Hotel](#) in beautiful Lancaster County, Pennsylvania.

This new event in 2023 will replace PABBI's annual Keystone Innkeeper Assembly Conference, which the organization has hosted since 2014. "We believe that by restructuring and rebranding our current educational conference, we will not only play a critical leadership role in bringing other states together to collaborate on important lodging and tourism issues, but create a more affordable conference for our attendees as well," said PABBI Board Chair Carl Kosko.

The [Mid Atlantic Innkeepers Conference](#) – will offer a high and engaging return on investment. Attendees will enjoy exceptional educational sessions, networking with fellow innkeepers and a host of trusted vendors to meet their every lodging need. They'll come away reenergized and refreshed, knowing they've collaborated on new ideas and solutions for shared business and legislative challenges.

[Discover Lancaster](#) President and CEO Edward Harris is thrilled to be hosting the first annual **Mid Atlantic Innkeepers Conference** in Lancaster in 2023. "We look forward to welcoming bed & breakfast and inn owners from surrounding states and having the opportunity to showcase our community. Fall is a great time to visit Lancaster County; you will enjoy the "crisp air, festive foliage, and flavors to savor," plan to come early or stay after the conference and enjoy our many experiences." Harris said.

PABBI's partnership at the national level with the [Association of Lodging Professionals](#) (ALP) is equally essential to our success not only for this conference but as a state association; given the number of bed & breakfasts and inns that we have in Pennsylvania, we are second only to California.

"PABBI is an important partner, and we are proud to support them and this regional and multi-state conference. It is not only good for the independent lodging community in Pennsylvania and surrounding states, but it supports ALP's mission at the national level as we help grow and educate the small independent lodging community throughout the country," said E. Scot Fuller-Beatty, Interim CEO for ALP.

##

### About PABBI

The mission of PABBI is to elevate and grow the bed and breakfast industry in Pennsylvania by providing support, guidance, and education to innkeepers, building solid relationships with key industry leaders and lobbying for state laws and codes that fairly deal with the needs of innkeepers and guests.
